

Tristan Sharpe Sponsorship Proposal

About Tristan.

Tristan Sharpe, 16, living in Nottinghamshire, found a passion for motorsport at a young age, founding his talent at his local kart tracks. Even from the beginning Tristan always placed high in his races, always finishing within the top 5. After a few years of gathering race craft and experience, he ventured into the world of owner driver karting where his experiences grew further, starting off in a four-stroke powered karts, then entering the two-stroke world. Where he would race at his local kart tracks and finishing in the top 3 at most events. For the 2024 season he has entered a national championship called the NKC (National Kart Cup), with a higher level of competition. Currently Racing for the BirelART Rotax UK Team.

Why does Tristan need sponsorships

Tristan is looking for sponsorships to be able to help fund his karting career and help bring home good results for him and his team. For example, this includes hiring an engine and maintaining his chassis to ensure there is no failures on track. Not only in the National Kart Cup but other championships in our local area.

What do you get in return of sponsorship?

In return for your support, Tristan will display your business logos on; the bodywork of the kart; Tristan's helmet; the race van/trailer; Tristan's race suit and on any social media posts that Tristan produces. In addition to this, Tristan's races are live stream on YouTube and Facebook, leading to a worldwide viewer-base watching the races and therefore being exposed to your business increasing brand awareness.

Sponsorship usage

All the funding from the sponsorship will supply for all our requirements for the season, i.e. fuel, race and practice entry, spare parts, engines, racing gear (helmets, kart graphics, suits, gloves, boots, engines) tyres and team fees.

The next 3 pages show the prices of what Tristan pays for his karting weekend over the course of the season. You may choose to cover one or more of those expenses to help Tristan pay for his season, or you may discuss with Tristan for an alternative option to help support his journey.

ITEM	DESCRIPTION	PRICE
