

A photograph of a karting driver, Tristan Sharpe, wearing a white Arai helmet with 'birelART' and 'KARTCUP.CO.UK' branding. He is wearing a white and red racing suit with 'GWR GEORGE WHITBREAD RACING' and 'freem' logos. He is sitting in a kart with a red and yellow 'birelART' chassis. The background is a blurred asphalt track.

TRISTAN SHARPE

KARTING DRIVER · #95

Sponsorship Proposal

George Whitbread Racing (GWR) · Senior Rotax · National Championships

About Tristan

Tristan Sharpe, 18, from Nottinghamshire, discovered his passion for motorsport at an early age and developed his talent at his local kart tracks. From the outset he showed real promise, consistently finishing inside the top five.

After building his race craft and experience over several seasons, Tristan progressed into owner-driver karting — beginning in four-stroke machinery before stepping up to the more demanding two-stroke category, where he regularly finished on the podium at local events.

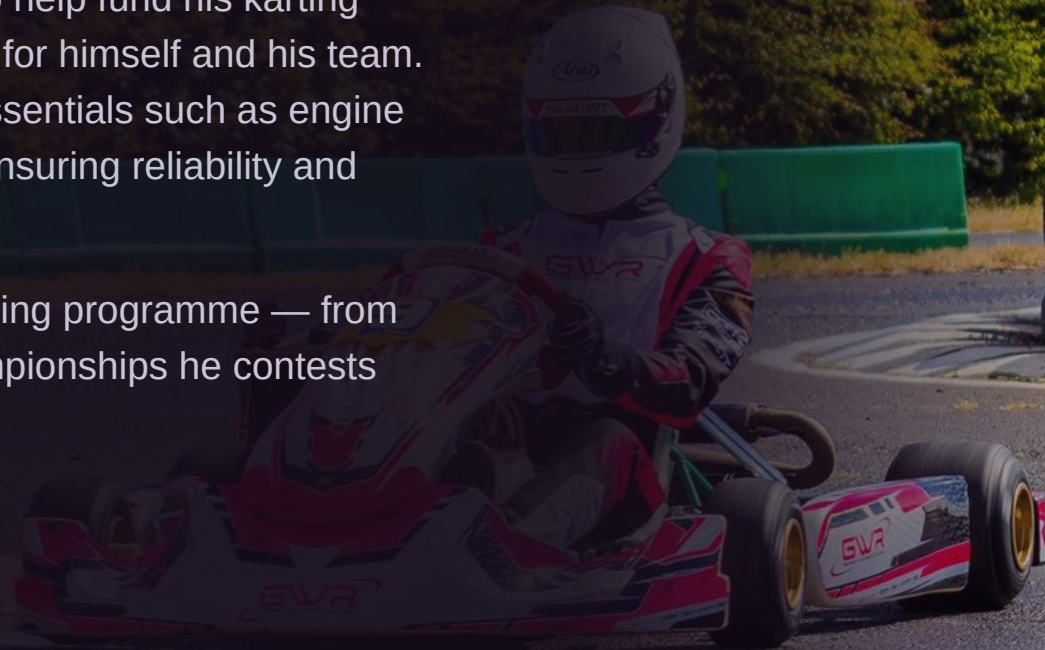

Today he competes against a high level of national competition, racing in Senior Rotax for George Whitbread Racing (GWR).

Why sponsorship?

Tristan is seeking sponsorship to help fund his karting career and deliver strong results for himself and his team. Support contributes directly to essentials such as engine hire and chassis maintenance, ensuring reliability and competitiveness on track.

This backing supports his full racing programme — from national-level events to the championships he contests across the local region.

What you get in return

In return for your support, your brand will be represented across the bodywork of the kart, Tristan's helmet, the race van and trailer, his race suit, and throughout his social media content on Instagram, TikTok and beyond.

Tristan's races are live-streamed on YouTube and Facebook, reaching a worldwide audience and delivering valuable exposure for your business. As a partner, you'll also be invited to experience a race weekend trackside, with access to the team's hospitality area.

What it helps Tristan with

Every contribution goes directly towards the season's running costs: fuel, race and practice entry fees, spare parts, engines and maintenance, racing gear (helmets, graphics, suits, gloves and boots), tyres and team fees.

The following pages provide a breakdown of the seasonal costs. You're welcome to cover one or more of these areas, or to discuss an alternative arrangement that suits your business. Any level of support is genuinely appreciated.

06 — THE INVESTMENT

Season Budget

Race weekends (x6) Team support (incl. expenses), kart prep, 2 tyre sets & fuel	£6,900
Test days (x6) Team test days — support, fuel & sundries	£1,170
Pre-rounds Practice races at the circuit before each round	£2,100
Maintenance & repairs Servicing, crash damage, spares & storage	£3,000
Championship entry Full championship registration & round fees	£1,700

Approximate share of the season budget

Estimated season budget

~£14,870

6 rounds · 6 test days · pre-rounds

Figures are season estimates and may vary.

Fund a part of the season

Back a specific cost, or combine several — whatever suits your budget.

£170

A day of team support

£220

A set of race tyres

£510

Team support for a race weekend

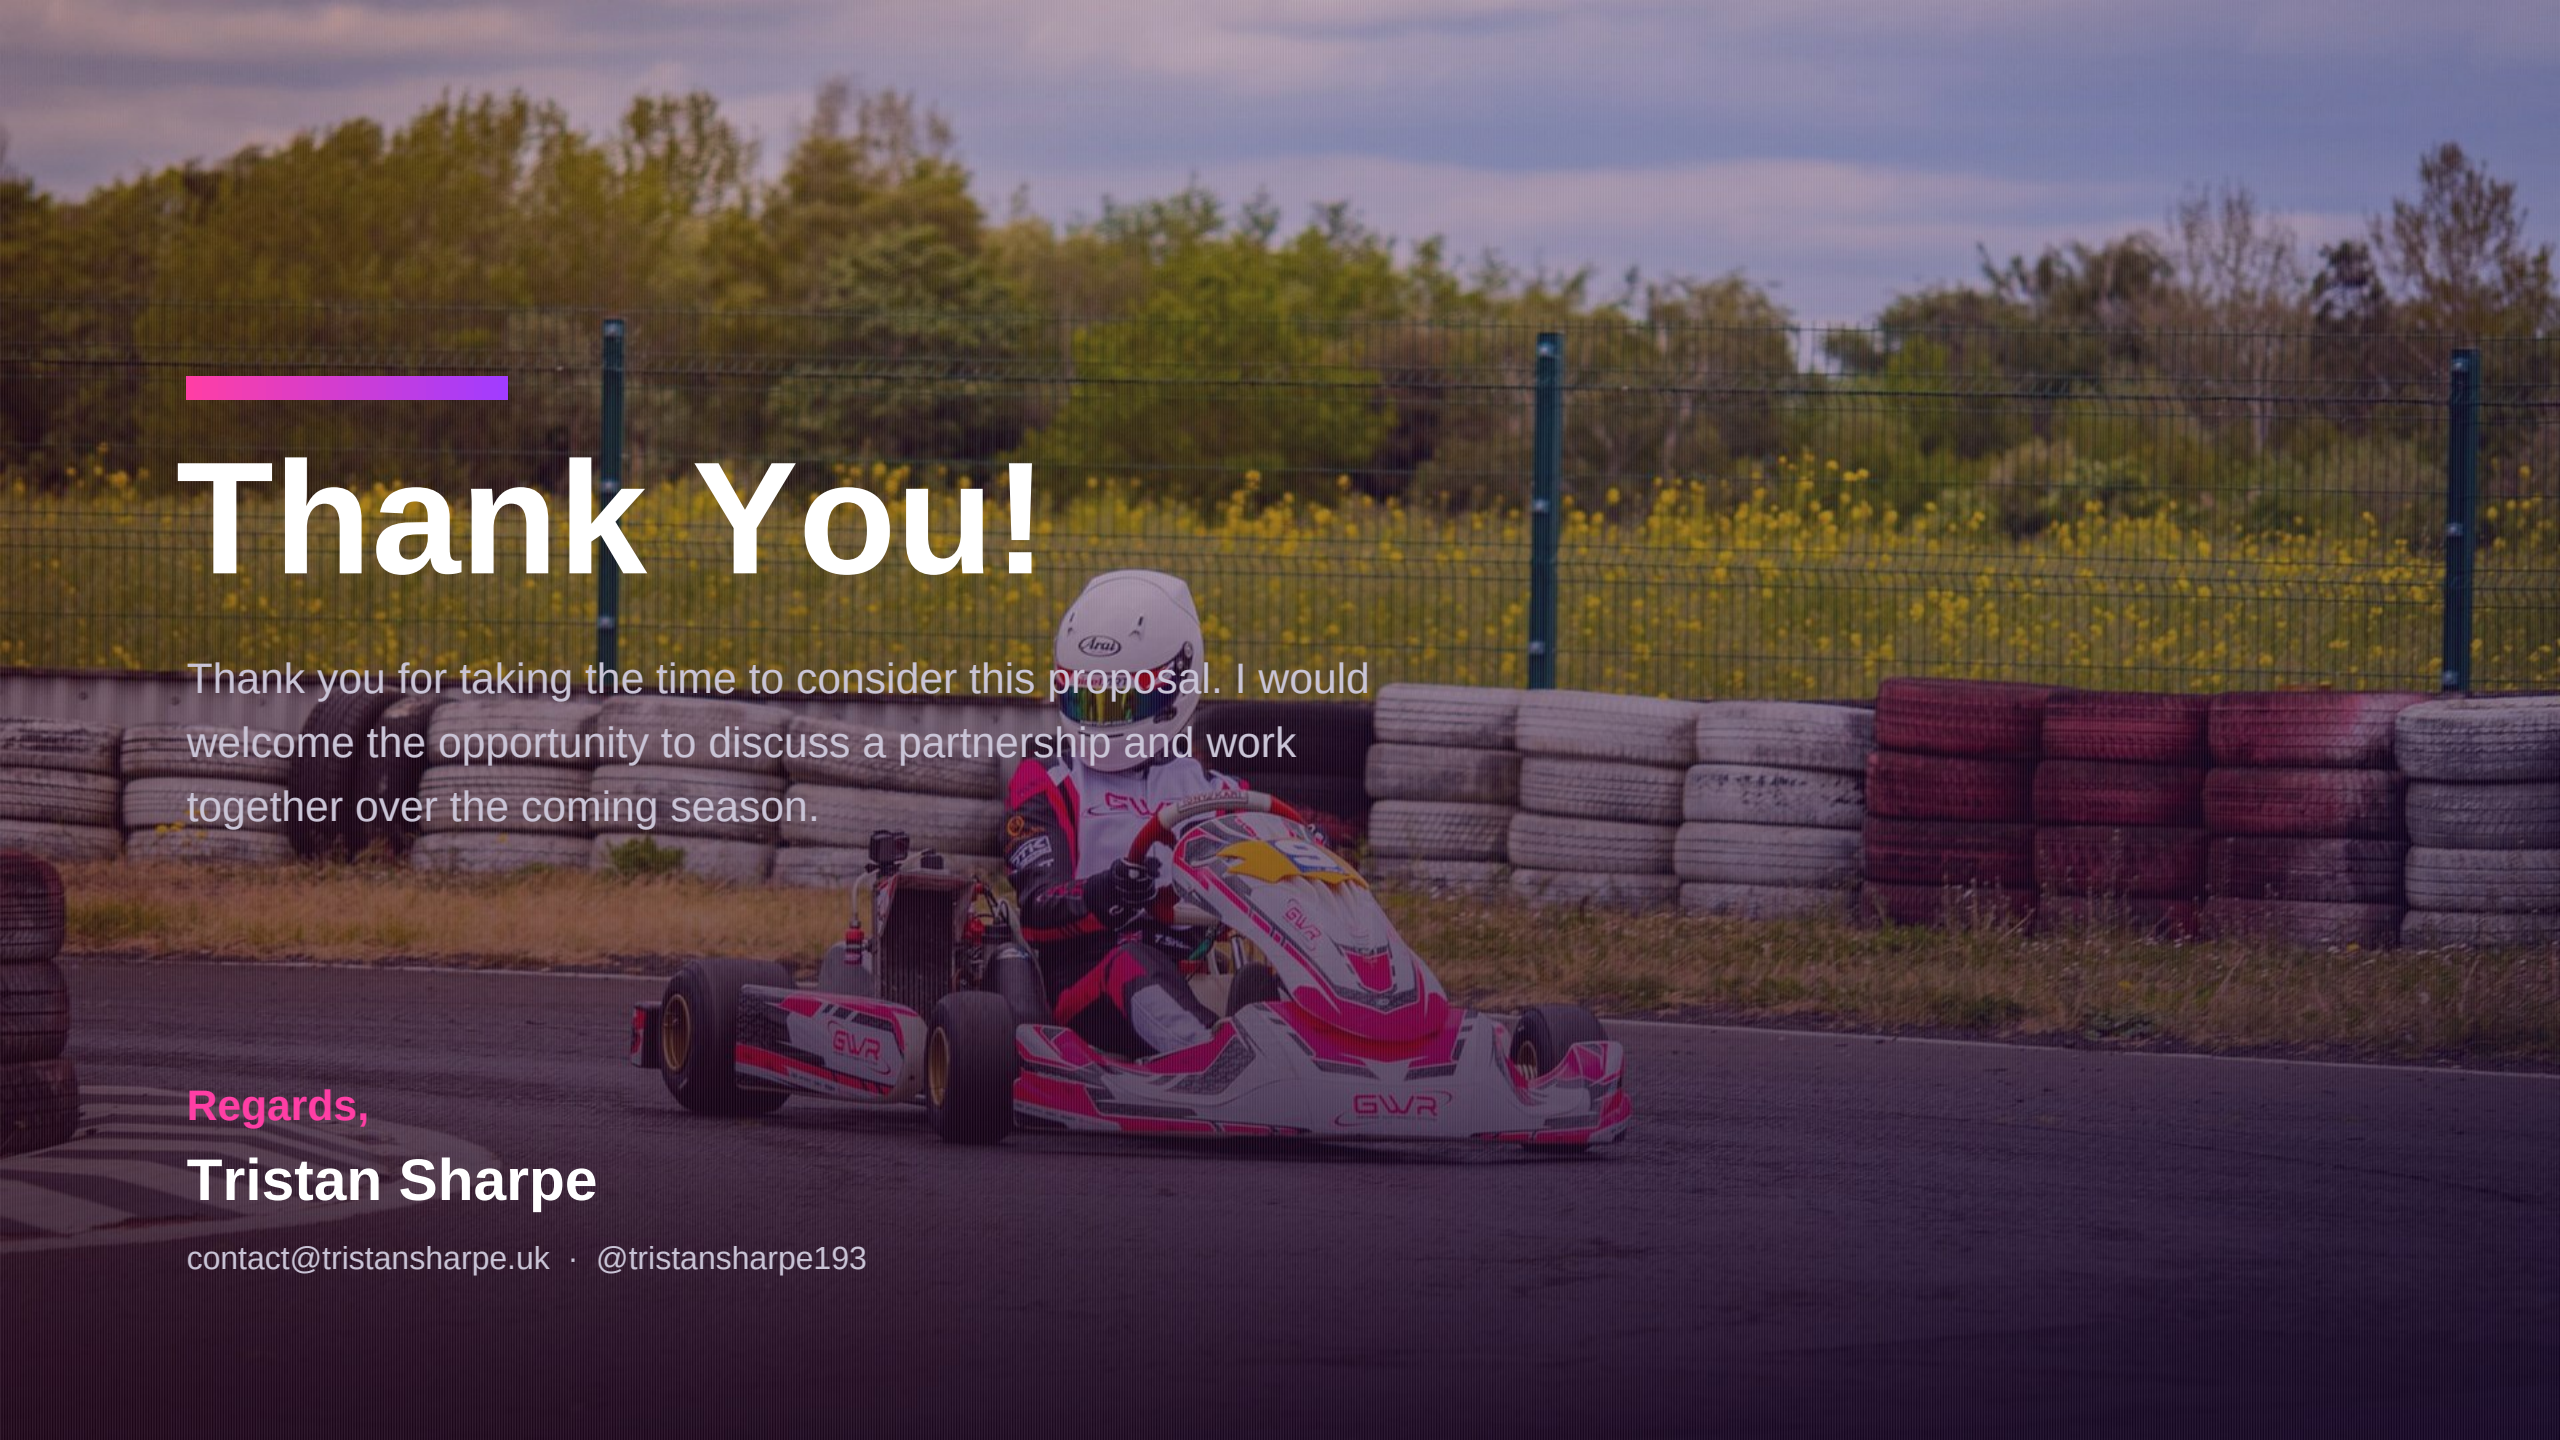

£195

A test day with the team

£1,700

A full championship entry

Prefer a tailored package? I'm happy to discuss any level of support.

Thank You!

Thank you for taking the time to consider this proposal. I would welcome the opportunity to discuss a partnership and work together over the coming season.

Regards,

Tristan Sharpe
